

2018

FOCUS ELECTRIC

Go Further

FAST CHARGE INTO THE FUTURE.

Performance with a conscience. No gas required. No oil changes needed. No CO₂ emissions. Just 100% guilt-free driving fun that standard DC Fast Charge capability makes so convenient. That's the 2018 Ford Focus Electric.

KEEP TABS
ON YOUR
EFFICIENCY.

The 2018 Focus Electric has an EPA-estimated rating of 118 city MPGe¹ and an EPA-estimated driving range of 115 miles¹. And you can track your efficiency with the SmartGauge[®] with EcoGuide instrument cluster. It helps you monitor your instantaneous energy use and lets you see how it relates to your overall energy consumption.

With a top speed of 84 mph, the smooth acceleration of Focus Electric will grab your attention. Press the accelerator and 100% of its available torque is at your disposal. A single-speed transmission designed for use with the all-electric motor delivers immediate responsiveness.

2018 Focus Electric | ford.com

Hot Pepper Red Metallic Tinted Clearcoat. Available equipment. ¹EPA-estimated rating of 118 city/96 hwy/107 combined MPGe. Actual mileage will vary. MPGe is the EPA equivalent measure of gasoline fuel efficiency for electric mode operation. Range calculation based on www.fueleconomy.gov. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age.

PLUG AND PLAY.

With standard DC Fast Charge capability, the 2018 Focus Electric can receive an 80% charge in an estimated 33 minutes when plugged into a charger capable of delivering 150 amps. So in the time it takes to have lunch with friends, you can recharge your vehicle. Level 2 (240V) charging can be achieved at home in approximately 5.5 hours¹ using a Ford recommended AeroVironment™ 240V/30-amp home charging station.² Or, plug Focus Electric into any 120V wall outlet and charge it overnight.

KNOW WHEN TO GO

An LED charge status indicator light (visible when the charge port door is open) indicates fully charged status when all 4 lights are lit and not flashing. So Focus Electric will let you know when it's time to go.

RECHARGE AS YOU DRIVE

Our Regenerative Braking System captures brake energy and uses it to help charge the advanced, liquid-cooled 33.5-kWh battery and extend your range. The Brake Coach screen helps you maximize the amount of energy returned through the system.

MONITOR AND SCHEDULE CHARGING

It's easy with your complimentary 3-year subscription to MyFord® Mobile, the MyFord Mobile app³ and myfordmobile.com website. You can also access battery charge status, lock and unlock your doors, initiate preconditioning of your vehicle cabin, and even locate your vehicle in a crowded parking lot. Download MyFord Mobile on the App Store® or Google Play.™

2018 Focus Electric | ford.com

Outrageous Green Metallic Tinted Clearcoat. Available equipment. ¹Charge times vary. See owner's manual for details. ²Available feature. To begin the process, call 1-888-219-6747 or visit evolutions.com/ford. Charging stations are available with or without full installation services by AeroVironment. ³MyFord Mobile includes a complimentary subscription that activates with vehicle sale date, requires compatible 3G cellular network connectivity, and is subject to 3G network availability. Evolving technology/cellular networks may affect future functionality. Message and data rates may apply. Refer to www.myfordmobile.com for further details.

ENJOY ECO-CONSCIOUS COMFORT.

And more. With seating for up to 5, Focus Electric features a stylish interior that includes the 8" color LCD screen for standard SYNC® 3 with navigation, a front center console with cupholders, and seat trim made with REPREVE® fiber from recycled materials. The seat cushions are even made of soy-based bio-foam derived from plant seed oils. For your listening pleasure, enjoy the sound from a well-balanced, 9-speaker Audio System from Sony.®

SYNC 3

STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC[®] 3¹ lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri[®] into Focus Electric with Siri Eyes Free and your paired iPhone[®]. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

UTILIZE CLEVER CARGO.

Whether you're parking at the market or loading supplies for the garden, Focus Electric has the tools you need to do both with ease. A standard rear view camera¹ helps you get in perfect position, making it easy to park and load. Shift into Reverse and an image of what's behind the vehicle is shown on the SYNC[®] 3 color LCD screen that centers the instrument panel.

With the versatile cargo organizer,² you have 2 tiers of covered storage to keep your belongings out of sight. A sturdy, carpeted shelf forms the upper level. The lower level consists of a large compartment flanked by 2 smaller ones. Need to maximize space? The system and cargo area cover are easily removable. To make room for longer items, the 60/40 split rear seat allows you to fold one side down for cargo while leaving the other upright for passengers. The hatchback design of Focus Electric allows for quick, convenient access to the cargo area.

STRENGTHEN YOUR PEACE OF MIND.

With the same Trinity front-crash structure and SPACE (Side Protection And Cabin Enhancement) Architecture as the gas-powered Focus, over 55% of the Focus Electric body structure is made from high-strength and ultra-high-strength steel. The Trinity energy-absorbing crash structure includes a frontal-impact absorption beam, decoupling mounts for the electric motor, and rails designed to transfer impact forces to the roof and away from the passenger compartment. To manage crash energy, SPACE Architecture® utilizes lateral floor reinforcement structures and door reinforcements.

An added measure of handling confidence is derived from AdvanceTrac® electronic stability control! Constantly monitoring road conditions and driver responses, the system can automatically adjust engine power and apply the brakes to help keep all 4 wheels firmly planted. While the HID headlamps and LED taillamps help light your way.

New Vehicle Limited Warranty. We want your Ford Focus Electric ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Electric Component Warranty. Your vehicle's unique electric components are covered during the Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please refer to your Warranty Guide for coverage details.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
